### BASIC RESTRICTIONS

Refer to the Program website for more details:

<https://www.productcare.org/products/hhw/saskatchewan/>

- Household waste only- No waste marked or sold as commercial, industrial or agricultural
- Original containers only- No repackaged waste
- Original labels only- Original container must have original label
- Sealed containers only- Must be leak-proof, generally the original cap must be attached
- For pesticide container must show the Pest Control Product number and the word "Domestic". Note that many common household "pesticides" such as Roundup, Killlex and others DO NOT have a toxic symbol, and are NOT accepted
- PAINT IN ANY CONTAINER IS NOT ACCEPTED- Leftover paint and empty paint cans are accepted without charge at all SARCAN in Fort Qu'Appelle. A complete list of items accepted under the Saskatchewan Paint Recycling Program can be found at [Home \(sarcana.ca\)](http://Home(sarcana.ca)).

### Other Recycling Opportunities

Local retailers may accept specific materials for disposal or recycling during their regular business hours. Visit <http://saskwastereduction.ca/> for more information.
